Through direct engagement with PK-12 learners, Residents learn how to design and facilitate instruction while gaining hands-on experience using learner data to inform instructional decisions.
- Residents are supported by a Resident Mentor, faculty, academic advisor, and a University Supervisor throughout their time in the residency.
- Stipends are awarded to Residents to support their full-time commitment; a pathway into teaching for students coming from challenging economic circumstances. Stipends will vary by district or charter.
- Residencies include a conditional job offer. Contracts and stipulations will vary by district or charter.
