

Acknowledgement of Receipt and Review of the 2021-22 School Counseling Fieldwork Handbook

I, _____, acknowledge I have received the University of Redlands' *School Counseling Fieldwork Handbook* and I recognize that it is always available to me through the [School Counseling Current Student Webpage](#) and [School Counseling Moodle Resource site](#).

In signing this, I am acknowledging that:

I understand I am bound by the procedures outlined in this Fieldwork Handbook barring any changes initiated by the Office of Student Success and/or the Department of Counseling and Human Services. The Fieldwork Handbook complements the School Counseling Program Handbook and the University Catalog that are in force for the year I entered the program.

I understand policies change over time and the School Counseling Fieldwork Handbook is updated each academic year (so that, for example, the policies and processes I work under may be different next year).
